## **WyndyRidge Kennel's Responsibilities**

\*We warrant that this is a **Labrador Retriever** puppy described as \_\_\_\_\_  
and the result of the breeding between \_\_\_\_\_ and \_\_\_\_\_  
who are both AKC registered purebred dogs.

OR

a Labradoodle or Doubledoodle puppy described as \_\_\_\_\_  
and the result of the breeding between \_\_\_\_\_ and \_\_\_\_\_

\*We warrant that we are the lawful owners in every respect of the above described property and that said property is free and clear of all liens, security agreements, encumbrances, claims, demands and charges of every kind whatsoever.

\*All puppies will have their dew claws removed between 3-5 days from birth. Additionally, they will be given a total check up during their 7th week by our vet, Comanche Veterinary Hospital (303-621-2054), and basic immunizations and deworming medicine will be administered.

\*We guarantee that the puppy is healthy and free of disabling genetic diseases at the time the puppy leaves our kennel.

\*WyndyRidge Kennels is not responsible for replacement or refunds on puppies that are harmed or become ill during shipping.

\*Once the puppy has cleared the vet exam (see below under Buyer's Responsibility) or the 72 hour time has passed, it is understood that the breeder has provided a healthy puppy.

\*Each Labrador Retriever litter will be registered with AKC. When proof of spay/neuter has been provided by a licensed DVM, limited AKC registration paperwork will be sent to the Buyer for individual registration. Should full registration be desired, and additional fee will be requested and full registration paperwork will be made available on date of pick-up.

## **Buyer's Responsibility**

**\*All shipping and vet costs are at the buyer's expense.**

\*This agreement is between WyndyRidge and the buyer and cannot be transferred to a third party if the dog is sold or given away.

\*Physically injured dogs are not covered by the health guarantee.

\*The buyer is required to have their puppy examined by a licensed DVM for a “well puppy check-up” within 72 hours of receiving their puppy at the buyers’ expense if the buyer wants to ensure it is healthy and sound at the time of receipt. If the vet finds any preexisting serious or life threatening problem, the buyer must send a signed written report, from their veterinarian within five (5) business days of the examination, along with all paperwork (including AKC registration papers) for a full refund. The puppy must be delivered, at the buyer’s expense, back to us within seven (7) days of the examination to receive a full refund.

\*It is the responsibility of the buyer to maintain the proper overall health of this puppy through vaccinations, heartworm medication, parasite prevention, and ongoing maintenance in order to remain under guarantee. Written veterinary health records demonstrating the above must be provided if guarantee is to be enforced.

\*Distant Buyers agree that they may be buying a puppy "sight unseen." The buyer agrees that all sales are final, and no refunds will be made except for health guarantee issues as stated in this agreement.

\*This puppy is sold as a pet/companion only and will not be used for breeding purposes unless previously arranged with WyndyRidge Kennels. Buyer agrees to spay or neuter the dog by 18 months to keep the guarantee in force. Failure to do so will nullify the health guarantee. AKC registration paperwork for Labrador retrievers will be sent after WyndyRidge Kennels receives documentation from a licensed DVM stating that the spaying/neutering has occurred.

## **Health Guarantee**

\*WyndyRidge Kennels guarantees the puppy to be free of inheritable genetic defects for a period of 26 months which includes:

- Hip dysplasia
- Progressive Retinal Atrophy
- Von Willebrand's disease (for Doodles)

\*Should the puppy be **suspected** to have any of the stated genetic problems, you must do the following to qualify for a replacement.

1. Notify us by registered mail within five (5) days of the discovery
2. A licensed vet must provide proof (x-rays or blood tests, etc.) that the genetic defect exists. Medical proof of any claim must be provided to WyndyRidge at the buyers cost. The Vet must specifically certify that there has been no apparent accidents, the dog is in otherwise good health and holds to a healthy weight for its body size. Furthermore, if hip dysplasia is suspected, the Vet must then send the x-rays to the Orthopedic Foundation for Animals (OFA) to get a rating at the owner's expense.
3. Eye exams must be performed by a certified ophthalmologist (DAVCO)
4. Once OFA and/or Canine Eye Registration Foundation (CERF) results have been obtained, you must mail a signed copy to WyndyRidge Kennels within five (5) days.

If the dog is **found** to have one of the above stated genetic problems, WyndyRidge will reimburse the buyer for vet prescribed treatment expenses up to the original purchase price of the puppy, less the non-refundable deposit OR WyndyRidge will provide a replacement pup (excluding shipping costs).

I have read the purchase agreement and health guarantee; I understand my responsibilities and agree to abide by the above conditions.
